### **All ABOVE participants are also automatically enrolled in two different classes:**

**HPE 109 Cooperative and Competitive Movement Challenges (1)** These instruction and problem solving activities involve participation, success, equity, and trust with emphasis on challenges that develop fitness. The purpose of the course is to emphasize success in skill performance, acceptance of other performers' abilities, and cooperation to achieve goals.

### **ENGL111 The Study of Ecological Writing (3)**

The same year-long Freshman Composition class To examine the ways writing affects and is affected by environment, place and nature, we will read an array of writing selections focusing on the connection between outdoor recreation and the different environments where various outdoor activities take place.
