Non-Degree Application

Above & Beyond

Non-Degree Application | Application Procedures

To ensure time for processing and review, applications for non-degree study must be completed (including official transcripts) no later than **July 31** for fall term, **November 30** for spring term, and **May 1** for summer term. All undergraduate non-degree applicants must submit the following:

1. A non-degree application form, complete with signature, verifying that all information supplied is valid
2. A non-refundable \$30 application fee
3. Official transcripts from each college (or high school for dual enrollment and early admission candidates) attended indicating all college (or high school) coursework completed. Transcripts must have the official school seal and be sent directly to the Office of Enrollment Services from all the institutions previously attended.
4. Additional materials for undergraduate students are required for some non-degree categories. *See below for category descriptions.*

Note:

- Students completing the non-degree application form may **not** become candidates for a degree unless a formal application for regular undergraduate or graduate admission is submitted and approved.
- Credits earned are not always applicable toward a degree. Once admitted to a degree program, students should consult with their academic advisor to verify the credits that are applicable toward a degree.
- *Degree-seeking students have priority in course registration for fall and spring semesters.*

Categories of Non-Degree Admission

The following categories of students must complete the non-degree application for admission.

Dual-Enrollment: Dual enrollment in Lynchburg College (and a secondary institution) is possible for qualified high school students during their senior year on a space available basis. Dual enrollment students must demonstrate evidence that they possess the requisite knowledge, maturity, and ability to pursue the content in the chosen courses. They must also submit an official copy of standardized test scores (SAT or ACT) and written permission from the high school principal or director of guidance.

Non-Degree Undergraduates: Students classified as non-degree undergraduates may enroll for personal enrichment or professional development only. Non-degree undergraduate students must demonstrate evidence that they possess the requisite knowledge, maturity, and ability to pursue the content in the chosen courses. Privileges to enroll as a non-degree undergraduate may be revoked at any time if the student fails to maintain the normal academic and social standards set by the College.

Visiting Undergraduate Students: Students classified as "visiting undergraduate" are pursuing a degree at another institution and wish to enroll in classes at Lynchburg College with the intention of transferring credits back to their primary institution. In addition to this application, candidates must submit an official transcript from the college or university at which they are currently enrolled. Visiting students must apply to Lynchburg College prior to each semester they wish to be enrolled. Lastly, students are responsible for verifying with the registrar, or appropriate academic advisor at their primary institution, that the courses completed at Lynchburg College will transfer back to their primary institution.

Other Categories (Governors School, private music lessons for credit):

Additional admission requirements include securing written permission to enroll from the appropriate instructor.
