Suggested Curriculum Guide- Exercise Physiology Major

While not all students will take all the courses in their major in exactly the same sequence, the guide below can be used in combination with the on-line graduation progress report as a pathway to degree completion. **Courses marked with # indicate prerequisite courses required for application to the major.** The application deadline is April 1 of each year. Entry into the EXPH major is competitive and not all applicants are accepted into the program. **Bolded courses indicate major and support courses for the Exercise Physiology curriculum.** See the Academic Regulations in the Lynchburg College Catalogue for all academic degree requirements.
