

Suggested Curriculum Guide – Health Promotion Major with Pre-Occupational Therapy Emphasis

This curriculum guide is for health promotion majors desiring to enter a post-graduate Occupational Therapy (OT) program.

While not all students will take all the courses in their major in exactly the same sequence, the guide below can be used in combination with the online graduation progress report as a pathway to degree completion. See the Academic Regulations in the Lynchburg College Catalogue for all academic degree requirements.

FRESHMAN	Fall	Hrs	✓	Grade	FRESHMAN	Spring	Hrs	✓	Grade					
	ENGL 111W	3				ENGL 112W	3

Total hours: 124 hours to complete degree. Required major courses are in **BOLD**, a W following the course number indicates a Writing Enriched course, and an asterisks (*) indicates a support course. See catalogue or graduation progress report for specific courses which meet General Education requirements. HP 415 (Internship) is the capstone course and is taken during the final semester. It is recommended that no other courses be taken with it unless they are taught at night and will not interfere with designated schedules set by the clinical site. A student may take up to 12 credits of HP 415 to be a full-time student during the fall/spring semesters. *Prepared by (Health Promotion Dept, 2/2019)*
