PARENT, FAMILY, AND NEW STUDENT CONNECTIONS

Parent, Family, and New Student Connections

**ANNETTE STADTHERR. DIRECTOR OF PARENTS
AND FAMILY PROGRAMS**

Parents and Family Programs is getting a new name and more responsibility as of July 1, 2022. We are becoming Parent, Family and New Student Connections. We will still host Parents and Family Weekend coming up the weekend of September 16-18, 2022, still communicate with you through our monthly newsletter, The Hive, and still partner with you to provide resources, information, and tips to help make your student a thriving and successful Hornet. We will be expanding our services and programming.

Parent, Family and New Student Connections will now be responsible for on-boarding all new students and parents during Hornet Days, our August welcome to campus days. Hornet Days for 2022 will take place August 19-21, 2022. All new residential students will move-in on Thursday, August 18 unless your student is confirmed to participate in one of our early arrival programs such as Summer Transition Program, Westover Honors Retreat, Music Camp or is an athlete and has been instructed by their coach to arrive before the August 18 move-in date. Hornet Days has a schedule of activities for all new students - first years, transfer, adult learners, international students - and their families.

More information will be sent via email to you as the schedule is solidified. Key components are the welcome that begins at 3 p.m. on Friday, August 19 and Convocation that takes place on Sunday, August 21 at 9 a.m. followed by Brunch in The Dell. Go ahead and mark your calendars if you are the parent/family of a new student! We will also be forming a Parents Advisory Committee to help us determine the needs of our parents, families, and students. More information is forthcoming on all new initiatives. Updates will be posted to our website and Facebook pages. **Questions can be addressed to parents@lynchburg.edu.**

10 Ways Your Student Can Be Involved This Year

ADRIANNA VEST, EDITOR OF PARENTS AND FAMILY PROGRAMS

[Join or start a club](#)

The University of Lynchburg has a variety of student-run organizations. Ranging from the Hispanic Student Society to the Equestrian Club.

[Join the school newspaper](#)

One of the most valuable skills you'll gain in college is writing. Have your student sharpen their writing skills by joining the Critograph.

[Become a student leader](#)

Is your student interested in mentoring and educating first year students? Have them sign up to be a Summer Transition Program leader today!

[Get involved in intramurals sports](#)

Does your student enjoy playing basketball, soccer, or even volleyball?

[Join a sorority or fraternity](#)

Joining a sorority or fraternity can provide students with immediate access to some of the busiest and most influential social networks on campus.

[Community service and volunteering](#)

Encourage your student to consider looking for campus-based volunteer organizations that can help give back to their campus community alongside your peers.

[Get a job on campus](#)

Check out the University's wide variety of student employment.

[Study abroad](#)

The University of Lynchburg offers study abroad trips every year. Have your student inquire about traveling to India or South Africa next year.

Graduate Programs at Lynchburg

SAVANNAH COOK, DIRECTOR OF GRADUATE PROGRAMS

Dear Parents and Families,

At the University of Lynchburg we never stop learning and neither should our students. If students are ready to take their careers or education to the next level, our graduate programs will help them achieve that goal. The University of Lynchburg offers 16 graduate degree programs – 13 master’s and three doctorates – along with more than 10 certificate programs. Eight of our degrees are offered online, so students can advance their education and careers from anywhere. On campus or online, students will benefit from challenging coursework, close relationships with faculty and having the mentors and academic support needed. Everything we do is about helping students realize their potential and achieve their goals.

Students can engage with graduate studies at any point during their undergraduate journey by participating in the Graduate Pathways program. This program allows for undergraduate students to gain access to graduate events, direct contact with program directors, customized academic advising and admissions support throughout. **Students can get started on their pathway to graduate school by emailing gradstudies@lynchburg.edu!**
