Featured Westover:

Nick Willertz

Nick Willertz is a senior Computer Science Major from Severn, Maryland. He plays midfield on the Varsity Lacrosse team and is a Computer Science tutor. Nick chose to study Computer Science because of his interest in math and algorithms, and his love to create.

Nick enjoys writing, and likes music and movies. He says that his 3 desert island movies are Gladiator, Good Will Hunting, and Wedding Crashers.

Nick says that he is honored to be a member of this senior class of Westovers. He has enjoyed having the opportunity to get to know such an awesome group of people. Academically, Westover has broadened his knowledge by making him take challenging classes in subjects that he would not have otherwise.

Your Student Body President

A FAMILIAR FACE

The Society of Westover Fellows is proud to congratulate Westover sophomore, Davion Washington, on his election to student body President for the upcoming year.

Davion is a double major in Political Science and Sociology with a minor in history. He came to Lynchburg from Charlotte, North Carolina. Davion has served in leadership positions before as a senator for SAB, and is still a peer organization advisor. He has also served on the Westover Executive board as the cultural events chair.

Davion did not initially plan to run for President when he first came to Lynchburg. He was encouraged by his peers to run, and seeing that people were confident in his ability gave him the extra push he needed.

He plans to use his position to work with administrators to insure the highest quality of student life. He hopes to address prominent issues University of Lynchburg students face such as cafeteria hours, wifi problems, and campus inclusion.

Davion says that Westover has helped him get involved in leadership and given him valuable experience. He is happy to be able to represent Westover now on an even broader scale.

Cultural Events

-The Rockbridge Group

Exhibition: Opening Reception
